## Description

**EHT8TI**
- Automatic hood
- paraSafe CONTROL
- No soap based hood
- Double deck sliding hood
- Electrical connection: 400V/3n/50Hz (convertible on site to 230V/1n or 230V/3n/50Hz)

**EHT8I**
- Automatic hood
- paraSafe CONTROL
- No soap based hood
- Double deck sliding hood
- Electrical connection: 400V/3n/50Hz (convertible on site to 230V/1n or 230V/3n/50Hz)

**NHT8**
- Automatic hood
- paraSafe CONTROL
- No soap based hood
- Double deck sliding hood
- Electrical connection: 400V/3n/50Hz (convertible on site to 230V/1n or 230V/3n/50Hz)

### Optimal visibility and easy operation both in corner and linear installations due to:
- Inclined angular position of the control panel
- Integrated LED display (on automatic models)

### Excellent washing results regardless of working conditions thanks to:
- CLEAR BLUE Filtering System
- Very powerful washing circuit
- Unique shape of the spray nozzles and rotating arms

### Additional features

**EZH8TI**
- Built-in detergent dispenser,
- Built-in drain pump
- Built-in rinse aid dispenser

**EZH8I**
- Built-in detergent dispenser,
- Built-in drain pump
- Built-in rinse aid dispenser

**NHT8**
- Built-in detergent dispenser,
- Built-in drain pump
- Built-in rinse aid dispenser

**Note:**
- Standard on selected models
- Available as optional accessory or as special execution

Maximum savings are assured by:
• the low consumption of fresh water (2 lt./cycle)
• the highly efficient rinsing (-33% in running costs, less hot water used)
• the ENERGY SAVING device
• the ZERO LIME device

Best-in-class sanitization and safety are guaranteed by:
• the WASH•SAFE ContRoL which provides a constant rinsing temperature of 84 °C, assuring perfect hygienic conditions and total detergent removal

Double skin hood with sloped ceiling for improved rinsing performance, low noise level and reduced hot water usage

Slanted wash arms and ceiling for maximum performance as wash water no longer drops on dishes after rinsing phase, guaranteeing optimal results

CLEAR BLUE Filtering System maximizes washing performance and lowers running costs.

24 liter pressed tank in front of machine makes cleaning operations faster and easier

Continuous water softener provides spot-free results and reduces scale build-up. A sensor advises when the salt container needs refilling. Integrated to avoid overflow during salt refilling

Standard feature on all models.
