TR210

Even faster results to ensure quantity with high quality

Beyond great performance

- 100% dishwasher safe with easy disassembly of cutting chamber, stainless steel hopper and discs.

- Cutting, dicing, chopping, slicing and julienne in record time.

- The TRK/K/TRS have been recognized by two of Europe’s most important design awards: the “Jenius de l’Industrie” award in 2007 and the “Compasso d’Oro” award in 2011.

- Excellence with the environment in mind:
  - All our factories are ISO 14001 certified.
  - All our solutions are designed for low consumption of water, energy, detergents and harmful emissions.
  - In recent years over 70% of our product features have been updated with the environmental needs of our customers in mind.
  - Our technology is ROHS and REACH compliant and over 95% recyclable.
  - Our products are 100% quality tested by experts.

- Work becomes effortless by setting the TR210 on the new stainless steel trolley.

- Easy cutting and high productivity with long vegetables thanks to four different hopper tube sizes.

- Precise cutting produces beautiful results with the lever operated hoppers.

- Silent operation and long life for heavy jobs is ensured by a powerful compact induction motor.

- Prepare from 100 to 1000 covers/day up to 2100 kg/h.

- Even faster results to ensure quantity with high quality.

TRS
Quick performance to make culinary creativity easier

Increased productivity, top quality and extreme sturdiness: a slicer to meet all needs

Prepare from 100 to 800 covers/day up to 600 kg/h

- 100% dishwasher safe with easy disassembly of cutting chamber, stainless steel lever, hopper and discs
- Waterproof and ergonomic control panel (IP55)
- Precise cutting guaranteed with "Pulse" function
- Ergonomic design makes the front loading operations effortless thanks to the inclined base (20°)
- Silent operation and long life for heavy jobs is ensured by a powerful compact induction motor
- Increased productivity, top quality and extreme sturdiness: a slicer to meet all needs
- TRS Quick performance to make culinary creativity easier

Myriad shapes for your original presentations

Excellent hygiene is ensured for all dishwasher-friendly cutting components

Wide range of stainless steel discs for more than 80 different cutting styles: slicing, grating, slcing, wave cuts, julienne, french fries and including special discs for slicing mozzarella and grating parmesan.

- Superior slicing ensures precise cutting of hard and soft vegetables with the patented "S" shaped blade
- Safe storage of your discs offered by wall-mounted disc holders

Prepare from 100 to 800 covers/day up to 600 kg/h

Easy loading of long and large vegetables with the stainless steel hoppers

Waterproof and ergonomic control panel (IP55)

Precise cutting guaranteed with "Pulse" function

Ergonomic design makes the front loading operations effortless thanks to the inclined base (20°)

Silent operation and long life for heavy jobs is ensured by a powerful compact induction motor
