

Steam Boiler

FSB 3,3

Features and benefits

- Capacity of 5 kg steam/h
- Steam boiler with electronic water level sensor, which ensures correct water level and long lifetime of the heating elements
- Standard with two steam irons
- Simple installation and maintenance

Main options

- Pump (for water pressure less than 200 kPa) with or without feed tank
- Pivoting wheels
- Steam or steam/air spotting gun

Electrical connections		FSB 3,3
Voltage	230V 1 AC 50/60 Hz	kW(A) 3.3(16)
	208-240V 3 AC 50/60 Hz	3.3(10)
	380-415V 3+N AC 50/60 Hz	3.3(10)
Boiler heating		
Steam output	4.5 kg/h	3.3 kW
