

Electrolux Professional

Electrolux

Range Overview

Multi-Housing Laundry

Electrolux

It starts with washing and ends with savings

A turnkey laundry solution from Electrolux Professional is a profit centre. Benefit from exceptional performance, longer machine lifetime, lower running costs and the lowest energy and water consumption available.

Electrolux Excellence

Excellence is central to everything we do. By anticipating our customers' needs, we strive for Excellence with our people, innovations, solutions and services. Thus making our customers' work and life easier and more profitable.

Washer Extractor Control

ensures the best utility cost optimisation and customising

Compass Pro®

- ▶ Flexible and customisable
- ▶ Up to 55 programs available of which 15 programmable
- ▶ Large, clear display in up to 18 languages, plus Real-time clock
- ▶ Process monitoring via Certus Management™ Information System
- ▶ Create custom Compass Pro® wash and dry programs on your PC with the Laundry Program Manager, then transfer them to machines via USB port
- ▶ 5 liquid detergent signals for automatic dosing
- ▶ Automatic Saving System: save up to 50% on water for half loads

Unique Triangle Technology

The best flexibility and process performance

- ▶ **Economy:** optimal cost efficiency for medium-soiled garments due to low energy consumption
- ▶ **Time:** the highest output volume for lightly-soiled garments due to shorter process times
- ▶ **Performance:** the best cleaning results for heavily-soiled garments

Tumble Dryer Control

ensures the best flexibility and usability

Compass Pro®

- ▶ Flexible and customisable
- ▶ Up to 55 programs available of which 15 programmable
- ▶ Large, clear display in up to 18 languages, plus Real-time clock
- ▶ Process monitoring via Certus Management™ Information System

Unique Triangle Technology

The best flexibility and process performance

- ▶ **Economy:** optimal cost efficiency due to low energy consumption
- ▶ **Time:** the highest output volume thanks to high evaporation and shorter process times
- ▶ **Care:** the best results for delicate garments due to gentle drying

Professional equipment built for speed, performance, and longer lifetime

400-530 G-factor 'H' models High-speed performance and soft mount for easy installation

Electrolux soft mount washers spin ultra-fast, resulting in minimum drying time and significant energy savings. Intelligent technologies and unique extras for maximum economy with features like Compass Pro®, Automatic Saving System and Power Balance™. High spin, soft mount washers for easy installation on all types of floors.

350 G-factor Wash & Dry Ultimate convenience in both washing and drying at the push of a button

Make your dream come true by choosing the Electrolux Professional Wash & Dry. A high-performance machine with excellent washing and drying results, and a minimum machine footprint. High spin, soft mount Wash & Dry for easy installation on all types of floors.

200 G-factor 'S' models Save time, water and energy

Built to last, the Electrolux solid mount, Super spin washers generate superior savings in time, water and energy thanks to drum Speed Soak and Automatic Saving System. The Super spin, solid mount washers must be fixed to the floor.

Energy efficient dryers Electrolux dryers combine high performance with significant energy savings

Your tenants will love the fast drying and user-friendly controls. You'll appreciate the energy-efficient design and easy maintenance.

- ▶ Make the most of your laundry space by stacking your dryer on your washer. Smallest footprint on the market (Dryer T5130)
- ▶ Optimum combination of gas consumption (Btu/hr) and airflow (CFM) provides the fastest drying with lowest energy consumption
- ▶ Residual Moisture Control for the best drying results without over-drying
- ▶ Reversing drums optional on all Electrolux dryers even with single phase connection (standard on T5130 and 5190LE)
- ▶ Easy-to-clean lint screen and large lint compartment for fast maintenance

100 G-factor 'N' models Reliability and convenience

Electrolux 100G solid mount washers are robust and reliable for trouble-free and safe operations with high quality wash results. The Normal spin, solid mount washers must be fixed to the floor.

Heat pump technology Up to 70% energy savings in drying thanks to low energy consumption: 0.22 kWh/kg load

Safety & Standards

Electrolux N and S range washers, Wash & Dry WD5240, dryers and ironers comply with international safety standards and product quality specifications for your complete peace of mind.
