SIS # _____

AIA # _____

291493 (ZVR2400)

Bench type refrigerated
showcase 2400 mm

Short Form Specification

Item No. _____

Constructed in 304 AISI stainless steel. Designed for use with 1/4GN and 1/2GN containers (not included). Built-in refrigeration unit. Refrigerant R134a. Thermostatic temperature control. Temperature range: 0+10°C. CFC and HCFC free.

Main Features

- Complies with main international certification bodies and is CE marked.
- Supplied for use without the protective glass panels (side, back and top) which must be ordered separately as accessories.
- Designed for use with the specific sets of stainless steel 1/4 and 1/2 GN containers (without lids) which are available as accessories.
- Provided with its own integral, highly efficient refrigeration unit with low noise emission and reduced energy consumption. Temperature thermostatically controlled.

Construction

- Constructed in 304 AISI stainless steel complete with sides.
- CFC and HCFC free.

Optional Accessories

- Glass panels for refrigerated showcase, 2400 mm PNC 291499
- GN containers for refrigerated 2400 mm show case - n. 6x1/4 + n. 3x1/2 h. 150 mm PNC 921853
